DEAR Father Aloysius,

I hope you are feeling better AND ARE taking it easy.
I missed you at your guild meeting last month, but it was God's will for you to be sick I guess.

I enjoy receiving your spiritual messages each month, so this is why I am writing. I have changed my address, I am now going to college at El Camino J.C. • I was at St. Andrews Priory ~~as~~ as a worker but now I feel I need schooling and the monks thought it was best for me.

This means that I will be able to come to your guild meetings more often. Before I usually only made one a month because of the long drive.

Thank you,

Albert B. Lawk
